

NEW STRIKERS BACK TO WORK AT PATERSON

Owners Disappointed in
the Number Who Return
to Their Looms.

PaterSON silk mill owners who had expected that a large proportion of the striking operatives who have been out since February would return to work were disappointed when only a number returned to their looms. The number was very far from enough to indicate any breaking up of the strike. The weavers returned to the Dexter Lambert mill. The strikers fixed the mill at sixty-five. The mill folk said that twice as many resumed work. The Mitchell Mills in Totown and South

Returning to new hands appeared for work, though yesterday it had been predicted that half of the strikers would be back in their places. The police had no trouble with pickets, and it is believed now that the public appeals of Industrial Workers of the World leaders are meant to hasten the weakening of the strikers, and that the pickets are intentionally confined to picket men and women who have been to court, their purpose without conflict with the police.

There are great opportunities in This June Sale of Negligee Wear and House Dresses beginning tomorrow morning

The demands of the Summer season find no end of negligee apparel and house dresses ready for your inspection in many shops. But in meeting this demand ourselves, we have not overlooked that other demand which is peculiar to every season—the demand for the lowest prices, consistent with considerations of quality. The garments in this important sale represent at once the newest ideas in house frocks and in boudoir styles, and the best obtainable values in both.

Negligees at \$1.50. Made of white lawn, with dainty Dresden flowers. Empire style, with lace trimmed collar.

Milanese Silk Jersey Top Petticoats, \$3.75

very special for tomorrow

Two new models, made of Milanese silk Jersey, of extra heavy quality, such as is very seldom found in petticoats at less than five dollars. Both models finished with accordion pleated flounces, and besides black and white the selection embraces a full line of modish shades. Great value.

Silk Jersey Top Petticoats with Halycon Flounces, tomorrow at \$1.95

This petticoat is extremely light weight and cool, and an admirable garment for Summer wear. Made of silk Jersey top, with flounce of Halycon fabric, which is a light weight cotton texture of very serviceable quality.

Manufacturer's Clearance of Women's White Petticoats, regularly \$3.95 to \$6.95 tomorrow \$2.95

This fortunate purchase affords you a selection of a variety of styles, with flounces elaborately trimmed with fine embroidery and ribbon headings, or lace in dainty designs. Most of these petticoats are finished with colored touches of ribbon. But it should be noted that not all lengths are to be found in each style, a fact which points to the wisdom of an early selection. There is, however, a good assortment of sizes in the offering as a whole, and they are excellent values.

Women's Nightgowns in extra sizes at \$1

800 only, that were made to sell at \$1.50 and \$1.75 each

It is seldom we can buy a manufacturer's clearance of extra size nightgowns, because the very fact of their being extra size means they are made in limited numbers. The selection includes five styles, all with low neck and short sleeves, and lace-trimmed in various designs. Splendid value and one which we cannot hope soon to repeat.
